## OZZIE

What.....NO CHOCOLATE on my smore's ????

Camping is hard work

I'll take mine slightly toasted.

I'll take the fat-free-low-calorie smore.

Camping works up an appetite.

I'm watching my weight...so just one bag of marshmallows for me.

No.....More.....S'mores.....

I can't believe I ate that many smores. I look and feel like a marshmallow.

Now this is the way to have a "backyard vacation"!

I got the snacks, now where are the brewskis?

Ugh, I had too many marshmallows...

Hmm! Marshmallows, Graham crackers...What??? No Chocolate for Smore's?

Good thing this thing has cushions.

Let's see.....it's 10:30 now, and it gets dark at what, 9:30? That means I only have 3, 4.....Oh Rats!! I ran outta pads again!!

Next summer I want a hammock.

Come join me baby, I got s'mores.

If I eat any more of those marshmallows I'm gonna need insulin.

Is it time for the SMORES.....YET??? Ugh, I hate to say this but I think there is such a thing as too many S'mores!

First, I bait the trap for children with marshmallows, then I wait to pounce and lick ears!

"Could I have just one more s'more please?"

I am stuffed, can you turn the lights down I need a nap!

# the height of fashion

We are now taking orders for THE BEST looking bulldog tee shirt of the year! A huge thank you to Brent Schnoonover for creating this gorgeous logo! Check out his other work at [www.brentschoonover.com](http://www.brentschoonover.com) Our plan is to sell enough tees to cover the costs of pavillion rental, hospitality supplies, etc. for the year. If we gather more money than that the remainder of the funds go to Love-a-Bull MN Bulldog Rescue.

100% cotton,  
white tee with  
full color

STAFF PHOTOS BY RUTH ANNE MADDOX

The end...

This month's "You Write The Caption" has TWO parts. The first is the "normal" caption where you send me your captions. The second part is "You Guess Who This Is!" (person and dog) Oh, by the way, if this is you, please send me your name because I don't know who this is! :- ) Karen

# good deeds

Love-a-Bull MN Bulldog Rescue is going to the Minnesota Renaissance Festival! We were invited to participate in their 2nd Annual Pet Festival which will be held August 16th & 17th (first weekend of the festival) from 10 am to 6 pm. We will use this wonderful opportunity to promote breed rescue and responsible pet ownership. We will also have informational handouts for people on how to responsibly purchase a purebred puppy and to educate about the evils of puppy mills.

Because of the weather that time of year, we may not be able to bring any dogs with us to the festival. Fortunately, we are not required to have dogs in attendance to participate, however we were required to have a pop-up tent. Luckily for us, Karen and Chris Zimny generously offered to provide the tent, so now we are all set. Thanks Karen & Chris! If you are at the Renaissance Festival on those days, please stop in and say "Hi"!

Currently in rescue is Spoonie. Spoonie is a four year old neutered male that was not comfortable with a crawling baby in the home. Although he had been OK with her previously, once she became more mobile he was increasingly wary of her and he had begun to warn her to stay away from him by growling. To be on the safe side, his owners decided a new home for Spoonie was their best option.

Spoonie needed some medical issues tended to before he could be adopted. He required surgery on his eyelids because he was suffering from "entropion". This is a condition where the lids (usually the lower lids) roll towards the eye. This can cause the dog's corneas to become scratched and if left untreated for long enough, they can become ulcerated and possibly even lose the eye. This condition often starts when a dog begins to squint for some reason, such as dirt in the eye, or extra eyelashes rubbing. Once the dog starts to squint the lids will often times not roll back to their normal position. As a result, the hairs along the rolled lid begin to rub on the cornea of the eye, causing pain and more squinting and along with that, even more damage.

Now that Spoonie has had his entropion surgery, he should be feeling much better. Spoonie also suffers from "dry eye", another chronic condition common in Bulldogs where the dog does not produce enough tears for adequate lubrication for the eye. Spoonie's tear production was pretty much non-existent when he came to us. He is now on cyclosporine eye medication which should help the condition, but he will require eye medication for the rest of his life to keep that under control.

We are hopeful to have Spoonie in his forever home soon. We have another Bulldog named Mabel coming into rescue. Her situation is very similar to Spoonie's toddler and dog not seeing eye-to-eye. Once we have a foster home lined up for Mabel, we will officially have her in rescue and will begin the search to find her a forever home as well. We will have an update on both of these dogs in the next edition of the newsletter.

With more people finding out about rescue services and contacting us for assistance, more foster homes are needed to keep up with the number of dogs coming into rescue. If this is something you think you could participate in, please feel free to contact Rita for more information about being a "foster" mom or dad for a Bulldog in need. All expenses are reimbursed, so there is no cost to you, just an investment of your time. Fostering is a rewarding experience and most of these dogs are just like your own dog(s), they are house-trained and most are pretty well behaved, they just aren't in the home best suited for them and need a second chance at finding the home that will allow them to thrive.

Please email Rita at: [rita@reingoldbulldogs.com](mailto:rita@reingoldbulldogs.com) or call 952- 873-3037 for more info.

# bdays n brags

WestOak Doin It My Way "Bug" took Winners Dog and Best of Opposite for a 3 point major at the Saint Paul Minneapolis Bulldog Club specialty show on 5/18/2008. The following weekend in St. Peter Bug took winners dog for 1 point!

Pantheon Resounding Rusalka "Rubi" took Best of Opposite and Best of Winners for a 3 point major in Fargo on Sunday June 1st. She also took 1 point home the weekend before in St. Peter. --Karen & Chris

Brag: Lily had 8 puppies on May 5. 3 girls and 5 boys. Sadly we lost one of the girls. The father is Ch. Cherokee Legend Rock. All seven are doing great and look to be really nice Bulldogs when they grow up. --Jody

On the evening of May 17th, Reingold English Ivy gave birth to a healthy litter of 5 F, 2 M's. Sire of the litter was Reingold Royal Banner. The following morning, Banner's 7 1/2 mo. old younger sister Reingold 'Till There Was You (aka Bella) went Winner's Bitch, Best of Winners and Best of Breed at the St. Paul-Mpls. Specialty show from the 6-9 puppy class! Unfortunately due to Ivy's recent litter, Rita & Reiny Guthmiller, proud co-owners of Bella, were unable to observe this accomplishment by Bella and her owner, Mary Mangone. This was Bella's first weekend in the show ring. Way to go Mary and Bella!

It was Pumbaa's 2nd birthday on May 20. -Sean

Jersey's Birthday is June 6th- she will be 2 years old -Megan ----->

Brutus the Bulldog was 1 year old on May 26th and weights a whopping 73lbs. --Don

<-- Tank and Dozer on their first birthday. - Robin

# preventable

It is getting to be time for people to obsess over their lawns. Just be careful because using fertilizers, herbicides, or insecticides can be toxic to your dog. To reduce your dog's exposure to these chemicals:

- Keep all lawn chemicals safely out of reach of pets AND children.
- Take any food bowls, water dishes, and toys inside when applying outdoor chemicals.
- Use only the recommended dose of product. Using twice as much as the label says does NOT mean it will work twice as well and besides wasting product you can leave behind more residue and increase the chance of your dog coming in contact with toxins.
- Read the label and wait until all products have dried before allowing your dog back on the lawn.
- Ask your lawn care center for information on how to properly apply product and reduce risks to pets. They can also be a great source of information on which products are less toxic to pets.

DEADLINE FOR JULY'S  
ISSUE IS JUNE 30TH AT 5 PM.  
PLEASE SEND SUBMISSIONS!
